

Bipartisan Safer Communities Act (BSCA)

Seneca County Steering Committee / Memorandum of Understanding

RECITALS

The Bipartisan Safer Communities Act (BSCA) (P.L. 117-159) provides supplemental funding for the Community Mental Health Services Block Grant (MHBG) to enable states, the District of Columbia, and U.S. territories to expand access to mental health care. Overseen by the Substance Abuse and Mental Health Services Administration (SAMHSA), the BSCA supplemental funding seeks to support state behavioral health systems in examining what is needed to address the mental health needs in the aftermath of traumatic events and natural disasters within our communities. To address the massive disruption and loss of life caused by these crises, The Mental Health and Recovery Services Board of Seneca, Ottawa, Sandusky and Wyandot Counties (MHRSB) in collaboration with the Ohio Department of Mental Health and Addiction Services will work to strengthen and enhance behavioral health disaster preparedness and crisis response efforts. The grant provides a unique opportunity to develop improved and sustainable public behavioral health systems that are more adept at meeting the needs of vulnerable people, including those with more complex presentations.

The MHRSB received the Behavioral Health Disaster Preparedness grant from the Ohio Department of Mental Health and Addiction Services.

MHRSB is an alcohol, drug addiction and mental health services district, established pursuant to Ohio Revised Code Section (O.R.C.) 340.01 and as such, is the entity responsible for making community addiction and mental health services available to residents of Seneca, Ottawa, Sandusky and Wyandot Counties.

The MHRSB serves as the community addiction and mental health planning agency for the counties under its jurisdiction (O.R.C. 340.03).
